Dr. Qiu Yong
President
Tsinghua University

Dear Doctor Qiu Yong:

On behalf of the National Autonomous University of Mexico, it is my pleasure to acknowledge your academic community for the celebrations of the 110th anniversary of Tsinghua University, worldwide recognized as one of the most important Higher Education Institution and the premiere one in your country.

I also would like to take this opportunity of this magnificent milestone in the history of THU to express my recognition to your leadership in making your university, one of the most influential institutions and great contributors to modern Chinese society.

In the last few years, UNAM has been developing a strategy to achieve the needs of global education to our students, professors, and researchers. Nowadays, UNAM has a wider international presence in four continents with 14 branches in 8 countries. As you know, the one in Asia, is indeed in your country.

Our academic relations have enjoyed a fruitful cooperation in different fields of knowledge, a great dynamism in co-organized seminars, particularly at the graduate level. Thus, I would like to praise the joint efforts of our institutions and take this occasion to extend our heartfelt thanks. Somehow, we are preparing and guiding today's and future leaders that will enhance the mutual understanding and friendship of our countries.

I hope to have the opportunity to visit you in the near future. In the meantime, I would like to wish you, all the best in the 110th Anniversary celebrations of Tsinghua University.

Sincerely,

Dr. Enrique Graue
Rector
Universidad Nacional Autónoma de México
