

HAPPY ANNIVERSARY TSINGHUA!

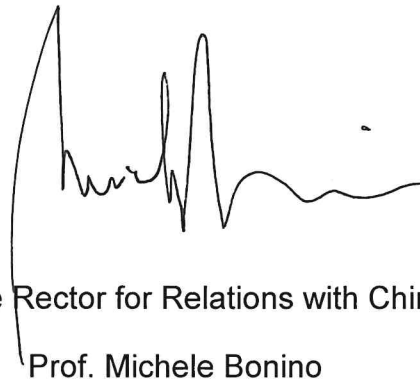

It has been 15 years since our first collaborations: at the Politecnico di Torino, we are very proud to have made a piece of your 110 Years together. For us, it was an adventure made up of concrete results, but also of cultural and human growth.

It is time to celebrate the great history of Tsinghua University, but at the same time the many encounters, satisfactions, and friendships that working with you has made possible for us.

Congratulations on your important milestone, and we hope to achieve many more together.

Ad maiora!

Torino, 2nd December 2020

The Vice Rector for Relations with China

Prof. Michele Bonino
