Dear President QIU Yong,

First of all, I would like to extend our sincerest congratulations for the 110th Anniversary of Tsinghua University. It is such a great privilege for me to accept your invitation to attend “Tsinghua University 110th Anniversary Celebration Ceremony”. It is such an honor to be part of this historical moment.

Tsinghua University and Yokohama National University have been developing a good relationship since the establishment of the Agreement on Academic Exchange in 2008, We have been actively carrying out student exchanges and joint research activities especially in the field of science and engineering. I strongly hope that the relationship between the two universities continues to develop.

In addition, I would like to inform that I will be finishing my tenure as the President of YNU this March. Dr. UMEHARA Izuru from the Faculty of Engineering will be succeeding my position from April, and he will be attending your ceremony.

Once again, I would like to express my words of appreciation for the invitation.

Sincerely yours,

HASEBE Yuichi

President

Yokohama National University
