Professor QIU Yong
President
Tsinghua University

Dear Professor QIU,

On behalf of University of Technology Sydney, I hereby would like to extend our warmest congratulations to Tsinghua University on the occasion of its 110th anniversary.

This past year has been one of changes, challenges and uncertainty, but also one of true innovation, agility and dedication. The GFUP's theme *Innovate for the Future: Vision and New Mission of Universities* could not be more relevant. Now more than ever is a time for leading universities to come together, reflect on the many changes global higher education is going through and join efforts to address the challenges our society is facing. Driving innovation and developing new ways to collaborate and transform society is at the heart of UTS strategy and a main focus of our international engagement.

On this special occasion, I would like to take this opportunity to express my appreciation for your continued support and commitment to foster the relations between our institutions. I am grateful for the long-standing cooperation and friendship we have developed over the years, and I sincerely hope that our partnership will continue to flourish in the future.

Once again, on behalf of UTS, congratulations to Tsinghua University on its remarkable accomplishments over the last 110 years. We wish Tsinghua University continued success in your endeavours and mission. We look forward to our continuing collaboration.

Yours sincerely,

A handwritten signature in blue ink, appearing to read 'Brungs', is written over the typed name of the sender.
