Dear Professor Yong,

Tsinghua University: 110th anniversary celebrations

Congratulations to all at Tsinghua University on your 110th anniversary.

The work of a university in research is important in advancing knowledge and improving the world within which we all live. In learning and teaching a university has an important role to play, not least in providing equality of opportunity and a high-quality education that can be transformative to those studying for degree programmes.

Happy anniversary.

Yours sincerely,
